

Awards

A volunteer panel of experts will judge student presentations based on their scientific merit, quality and applicability of research, and professionalism.

2010 Award Winners (left to right): Jonathan Carter, Adam Zeiza, James Thompson, Christopher Adcock, Jason Cornell

Awards will be presented for the best oral and poster presentations, both graduate and undergraduate, recognizing the finest research efforts of the 2010–2011 academic year.

We look forward to sharing our research with you and showing you everything that is great about UNLV Geoscience!

Sponsorship Opportunities

This student-run symposium continues to be a success due to the support of our sponsors, who have given so generously of both their time and resources. This generosity is the lifeblood of our GeoSymposium and is greatly appreciated by the students and faculty of the Department of Geoscience.

Thank You!

If you have questions and would like to learn more, or are interested in sponsoring a portion of the 2011 UNLV GeoSymposium,

Please contact:

Julie Baumeister

6th Annual UNLV GeoSymposium

Symposium:

Friday, April 15, 2011

Blasco Event Wing,

Foundation Building, UNLV Campus

Field Trip:

Saturday, April 16, 2011

About GeoSymposium

The annual UNLV GeoSymposium is a student-run conference in which both graduate and undergraduate Geoscience students present their original research to industry, civic and government professionals, as well as academic experts. This provides important feedback to further advance their research and career opportunities.

Each Spring, more than 30 students showcase their research as either oral or poster presentations in front of fellow students, faculty, staff, and industry professionals. Attendance by local, national, and international industry professionals has been outstanding for past events, and we hope this facet of GeoSymposium grows, gaining support from geoscience industries. The 2011 Symposium will again include diverse and exciting scientific research conducted through UNLV's Department of Geoscience.

Our graduate students, undergraduate students, faculty, and staff would like to invite you to join us for the 6th Annual GeoSymposium.

We hope this year's event will further facilitate networking and future collaborative Geoscience research, both within and beyond the UNLV Department of Geoscience.

Research Topics

Research presented at the 2011 GeoSymposium will showcase the latest discoveries and upcoming research generated from our graduate and undergraduate students.

Previous oral and poster presentations have covered such topics as:

- Arid-Region Soil Science
- Experimental Petrology
- Groundwater Systems Modeling
- Volcanology & Geochronology
- Carbonate System Analyses
- Economic Geology
- Vertebrate Paleocology
- ...and many more!

2010 Events Schedule

Friday, April 15th:

- Registration - 8:30am
- Morning Session - 9:00am
 - Opening Keynote Address
 - Student Oral Presentations
- Lunch Break - 12:00pm
- Afternoon Session - 1:00pm
 - Student Poster Session
 - Afternoon Keynote Address
 - Awards Ceremony
- Reception and Silent Auction - 4:00pm

Saturday, April 16th:

- Field Trip - 8:00am to 5:00pm

Last year's field trip to Red Rock Canyon National Conservation Area, NV

*Participants will meet graduate student and faculty guides at UNLV, Lilly Fong Geoscience Building (LFG).
**For additional information regarding the field trip and registration, please visit our website at:
