

## Spring 2019 Seminar Schedule

Date	Speaker	Affiliation	Discipline	Talk Title
23.janv	<b>Wanda Taylor</b>	UNLV		Technical Resumes
30.janv	<b>Sedimentary Geology Candidate</b>		Sedimentary Geology	
06.févr	<b>Sedimentary Geology Candidate</b>		Sedimentary Geology	
13.févr	<b>Deborah Green</b>	Jahn's Lecture	Environmental Geology	How to build a geology career you love
20.févr	<b>Peter DeCelles</b>	University of Arizona	Sedimentary Tectonics	Kinematic and erosional histories of the Himalayan thrust belt: Lessons for how thrust faults propagate
27.févr	<b>Laurie Barge</b>	JPL, Pasadena	Astrobiology	TBA
06.mars				
13.mars	<b>James Faulds</b>	Nevada Bureau of Mines and Geology	Nevada Geology	TBA
20.mars	<b>No seminar - Spring Break</b>			
27.mars	<b>Adolph Yonkee</b>	Weber State University	Tectonics	TBA
03.avr	<b>Leah Ceccarelli</b>	University of Washington	Science Communication	Speaking for Science in the public sphere
10.avr	<b>Christopher Edwards</b>	Northern Arizona University	Planetary Science	The ancient rocky surfaces of Mars
17.avr	<b>Andrew Zuza</b>	Nevada Bureau of Mines and Geology	Structural Geology	Linking crustal deformation with its thermal structure, from fault spacing to strain rates
24.avr	<b>Francis MacDonald</b>	UC Santa Barbara	Stratigraphy	Arc collisions in the tropics set the Earth's climate state
01.mai	<b>Wenron Cao</b>	University of Nevada Reno	Arc construction	TBA
08.mai	<b>Rebecca Fus</b>	USGS, Henderson		Comparing in situ groundwater sampling methods in deep wells in southern Nevada
