

Spring 2019 Seminar Schedule

Date	Speaker	Affiliation	Discipline	Talk Title
23 Jan.	Wanda Taylor	UNLV		Technical Resumes
30 Jan.	Sedimentary Geology Candidate		Sedimentary Geology	
06 Feb.	Sedimentary Geology Candidate		Sedimentary Geology	
13 Feb.	Deborah Green	Jahn's Lecture	Environmental Geology	How to build a geology career you love
20 Feb.	Peter DeCelles	University of Arizona	Sedimentary Tectonics	Kinematic and erosional histories of the Himalayan thrust belt: Lessons for how thrust faults propagate
27 Feb.	Laurie Barge	JPL, Pasadena	Astrobiology	Prebiotic Metabolic reaction Networks Driven by Reactive Iron Minerals on Rock/Ocean Worlds
6 Mar.				
13 Mar.	James Faulds	Nevada Bureau of Mines and Geology	Nevada Geology	Geothermal Journeys through New Zealand and Nevada: Similarities and Differences in Geothermal Activity between Magmatic and Non-Magmatic Rifts
20 Mar.	No seminar - Spring Break			
27 Mar.	Adolph Yonkee	Weber State University	Tectonics	TBA
3 Apr.	Leah Ceccarelli	University of Washington	Science Communication	Speaking for Science in the public sphere
10 Apr.	Christopher Edwards	Northern Arizona University	Planetary Science	The ancient rocky surfaces of Mars
17 Apr.	Andrew Zuza	Nevada Bureau of Mines and Geology	Structural Geology	Linking crustal deformation with its thermal structure, from fault spacing and strain rates
24 Apr.	Francis MacDonald	UC Santa Barbara	Stratigraphy	Arc collisions in the tropics set the Earth's climate state
01 May	Wenron Cao	University of Nevada Reno	Arc construction	TBA
08 May	Rebecca Fus	USGS, Henderson	Hydrogeology	Comparing in situ groundwater sampling methods in deep wells in southern Nevada
